### **About the Alpine Club:**

The Alpine Club is a strong collection of outdoor enthusiasts that enjoy everything from skiing to hiking, rock climbing, mountain biking, backpacking, or basically any other outdoor activity. Brand-new beginners to experts all find their place within the Alpine Club. We travel all over Colorado, Utah and Wyoming to have fun adventures in the most beautiful locations you can imagine.

As the University of Denver's largest single student-run club we know how to "do it in the mountains". Last year we had over 470 participants join us on off-campus trips and had more than 1200 people show-up for our on-campus events; this year is destined to be even crazier. Check out our website at <http://DUAlpineClub.org> for information on membership, events and other outdoor resources.
